- 3. Versioning
- 4. The easy way to use it
- 5. Demo
- 6. Q & A

Types of Releases

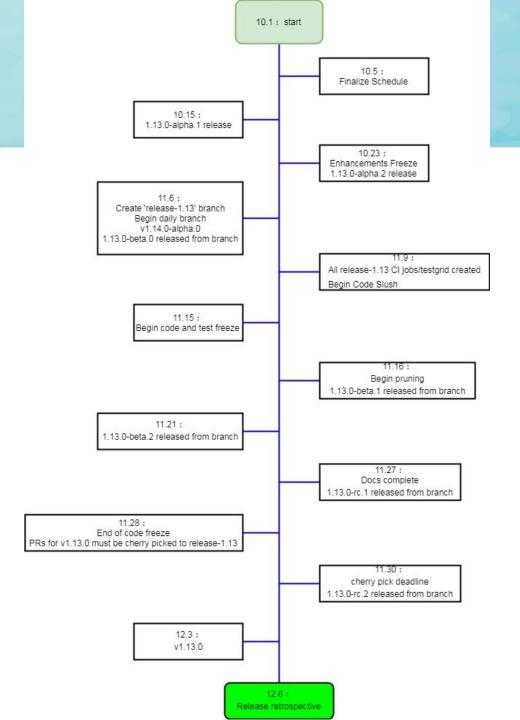

- Alpha releases (vX.Y.0-alpha.W): cut directly from master.
- Beta releases (vX.Y.Z-beta.W): cut from their respective release branch, release-X.Y.
- Official releases (vX.Y.Z): cut from their respective release branch, release-X.Y.
- Emergency releases (vX.Y.Z): cut from a new release-X.Y.Z branch based on a tag

Release Schedule

Type	Versioning	Branch	Frequency
alpha	vX.Y.0-alpha.W	master	every ~2 weeks
beta	vX.Y.Z-beta.W	release-X.Y	as needed (at branch time)
official	vX.Y.Z	release-X.Y	as needed (post beta)
emergency	vX.Y.Z	release-X.Y.Z	as needed
